

Article 24. Electronic system for training process management

Electronic system of university educational process management Provides electronic interconnection at the university Between administration, professors and students. Services include: Student register, entry / processing of student academic performance, curriculum register (credit, prerequisite), curriculum catalog, syllabus database, individual student panel.

As a result of this information, the system processes the data and gives the following results: various typefaces (student card, sheet, diploma supplement), statistical reports. The service also includes academic registration - to promote student academic freedom, the system allows students to plan their academic calendar for themselves, register for the desired course of study (which includes the student's curriculum in accordance with the course requirements).

The Learning Process Management System is a web-based website that enables you to use this system both at home and abroad, with a personal computer, laptop, tablet, smartphone connected to the Internet. To access the system you need to go to the web browser (www.sjuni.edu.ge) in your browser. Article 23. Procedure and Criteria for Student Scholarship Appointment

1. The following scholarships are available to motivate and encourage students to enroll in undergraduate and postgraduate teacher education programs at LEPL Samtskhe-Javakheti State University:

A) state scholarship;

B) university scholarship;

C) Scholarships established by different organizations; D) Named scholarship.

2. The state scholarship is awarded to provide 4% of the total number of students with active status in the program approved by the Minister of Education, Science, Culture and Sport of Georgia at a rate of 150 GEL per student. 3. Scholarships will be awarded based on the results obtained during the main examination period (unless it is impossible to obtain the examination within the basic time due to illness or other honorable cause, as evidenced by the relevant document) semesterly according to the following criteria:

A) The scholarship is awarded to a student who has the following grades in all subjects: excellent (A) and very good (B);

B) The amount allocated for student scholarships will be distributed in proportion to the number of students in the faculties. Within the total number of Fellows assigned to the faculty, students are selected based on the student's average arithmetic score, based on rating;

(C) In the case of multiple peer students, characteristics such as: scientific and public activity, published publications, and social status of students may be additionally taken into account;

4. 50 students who meet the criteria set by this rule but fail to qualify for the state scholarship program will be awarded a GEL 62.5 university scholarship.

5. In the case of a scholarship from another organization, the procedures and criteria for the scholarship appointment shall be determined by the donor organization itself. 6. The rules and criteria for nominating scholarships will be developed and approved by the University Academic Council.

7. The Dean of the relevant faculty submits submissions to the Student Process Management Unit regarding the appointment of a student scholarship. 8. Upon submission of the study department, the Rector of the University shall issue an individual legal act on the appointment and grant of a scholarship.
